The Hinterland Photo Club meets on the 3rd Thursday of every month at the Soccer Club House in the Maleny Showgrounds. Meetings start at 6.30pm.

BIRDS AND WAYNE ELLIS

Our 1st meeting for 2010 kicked off with a great presentation from our guest speaker -Wayne Ellis.

For those of you who missed the February meeting and haven't

seen Wayne's work a quick visit to Mary Cairncross Park is recommended where a number of his photographs of wild birds are exhibited.

It would also come as a surprise to learn that Wayne - pictured above - represents one of those strongly committed devotees of slide film in preference to digital technology.

The other feature of his work is the use of multiple flash to capture his shots. A keen eye and more importantly enormous patience are paramount in achieving great outcomes.

Many thanks to Wayne for giving the meeting great insights into this interesting aspect in photography.

OFF CAMERA FLASH

Wayne's presentation provided the opportunity to launch into a practical workshop on the

use of multiple flash with wireless remote firing. The exercise created a lot of interest judging by these pictures from the night. It also proved that you don't need to have expensive equipment to create great photographs.

The club will be looking to have a lot more club nights by way of practical workshops and members are encouraged to bring their camera gear along to the meetings.
