2011 Maleny Show - 3rd-4th June

How time flies as another Maleny Show looms on the horizon. For the Hinterland Photo Club this means we will be once again organising and conducting the Maleny Show Photo Competition.

HPC Members can find a copy of the Rules and Conditions as well as entry forms for the

competition on the Club's Website.

Volunteers Needed

Our participation in the Maleny Show does entail a fair amount of work before, during and after the Show. We are looking for volunteers to assist with this work. So if you are available kindly let us know at the April HPC Meeting.

For Sale

Hanspeter Buchli has a large range of camera bodies, lenses and other photographic equipment which he is selling as a complete package. A full list of the items can be found at the end of this newsletter.

So if are interested please contact Hanspeter whose contact details are listed in the ad.

Future Activities

Our Club meetings during 2010 saw some outstanding and highly informative guest speakers. We also undertook our first joint club activities with the Caboolture Photo Club - the highlight being an excellent Sunday outdoor portrait day under the guidance of John Lomas. We are hoping to undertake some further activities with the Caboolture Club during the year.

Honing our portrait skills will be enhanced when we undertake the

Qld Carer's Photo Shoot later in the year.

Nevertheless, it is becoming increasingly difficult obtaining guest speakers who live in close proximity to the Sunshine Coast.

We are optimistic in having mid year Darran Leal who is one of the worlds most diverse and travelled photographers. You can view some of Darran's photographic work at www.worldadventures.com.au/

Also we are looking at undertaking some outings during the year including a Night Shoot around Maleny area.

The Club through Hanspeter Buchli will also be exhibiting some of our prints at the Lawley House Art Gallery during September.

But most importantly we would like to know what you want from the club and what you would like to hear. So write down some of your ideas for future meetings so the
